SUMMARY

I am a full-stack developer specializing in the MERN stack, with extensive experience in building scalable web applications and working with WordPress-based solutions. I bring strong analytical and problem-solving skills, enabling me to deliver customized, business-driven technology solutions. My expertise includes JavaScript and modern frameworks such as React, Express.js, and Node.js, along with hands-on experience in content management systems, particularly WordPress. I am committed to applying the most effective and reliable technology stacks to address complex business requirements and drive measurable results.

SKILLS

- **Front-End Development**: React.js, JavaScript, Daisy UI, Front-end Programming, Next.js, HTML5
- **Back-End Development**: Express.js, Node.js, API, Auth, PHP
- **CMS & Tools**: WordPress, Git, GitHub

EXPERIENCE

SMB Web Tech   **Jan 2024 - Dec 2025**
